

Trademark Lawyers Regina

Trademark Lawyers Regina - Our lawyers are skilled in Intellectual Property Law and can give suggestion and assistance with intellectual property protection and enforcement with an objective of assisting our clients to maximize the value of their intellectual property (IP). As amongst the top intellectual property practices within this country, our clients come to us for our sound suggestion and expertise within the following IP areas: licensing and IP transactions; copyright; industrial designs and patents; internet domain names and trademarks; trade secrets; technology and IP litigations; IP portfolio management; IP due diligence in corporate transactions; freedom to operate opinions (patentability, infringement, validity); integration, procurement and licensing of software applications; and outsourcing of information systems management services.

Our company has a large amount of skill in securing and protecting our clientele's valuable IP assets. We have over twenty IP practitioners: lawyers, trade-mark and patent agents, law clerks and scientific consultants; who are well versed in the disciplines of biology, mathematics, chemistry, engineering and physics. Many of our professionals have obtained strong technical skill and advanced science degrees, that means they know our client's IP protection requirements.

Amongst the world's best known brands are amongst our clients. We advise organizations and companies of all sizes about intellectual property licensing, protection and portfolio management. We also represent entrepreneurs and start-ups.

We recognize and understand how valuable our clients' invention, brands and creative work are. Our lawyers can act for our clients before the courts in trade-mark, copyright and patent issues. We also appear in litigation, mediations and arbitrations regarding infringement of rights, passing off, misuse of confidential information, and contract disputes before Courts of Appeal. Our lawyers likewise appear before arbitration panels in respect of domain name dispute resolution proceedings and before the Trade-marks Opposition Board in respect of opposition and summary expungement procedures. Our office acted as counsel in several of the biggest information systems management outsourcing transactions within this country.

Our firm's IP Team, is able to gain assistance from the lawyers in different areas of our multidisciplinary law company. We have IP lawyers working with lawyers in commercial, corporate, competition and securities practice fields. Together our team of experts assists clients with their intellectual property issues, such as the protection of intangible assets through registering copyrights, patents and trade-marks; drafting of non-competition and confidentiality agreements; litigation of intellectual property problems; and development of strategies for IP protection. Our Business Law Team helps the IP Team in the representation of both sellers and buyers in acquisitions, divestitures and mergers of IP companies.

Our lawyers can help clients in advertising and marketing related legal issues. We likewise advise clients on the problems of packaging, labeling and advertising. We also help with privacy related issues, regulatory requirements and franchise and distribution agreements.
